

***P1** Desert Driving Experiences*

Learn to master the dunes with our highly experienced team, who have a combined total of over 100 years of off-road experience in the deserts of the UAE

Our team of friendly expat instructors have been driving off road in the UAE since they were old enough to get behind the wheel. As a company, we conduct dealer, staff and customer training for some of the world's largest 4x4 brands.

We provide a suite of services, covering everything from instructing first-time desert drivers in their own 4x4, through to multi-day camping excursions across UAE and Oman.

Drive Experiences
